

Creating Positive Futures

Creating Positive Futures Foundation Ltd (CPF) is a social impact organisation which builds people through its expertise in residential design and construction solutions activated by employment and training for vulnerable young adults. They are a collective social impact company that believes success can be achieved through people and place-based solutions.

FutureSteps Project

Building People By Building Homes with Lendlease Yarrabilba - \$100K used to support the employment and training of three school-based apprentices within the City of Logan to assist with the construction of two social and affordable houses in Yarrabilba, QLD.

Lendlease was one of many partners including government, **yourtown** and the Australian Training Company.

Further Lendlease support

- ❖ **Mentoring for young people interested in marketing, plus use of learning spaces for the program.**
- ❖ **Integration into the Yarrabilba projects with Lendlease Communities.**

Outcomes & Impact

3 school based apprenticeships + 19 trainees

2 houses = 7 bedrooms

10 people housed

? \$100K in-kind support.

Two social housing projects were successfully delivered with the three young people graduating from their school-based program. A further eight young people undertook the SQW program with yourtown supported by Lendlease.

The program delivered 32 jobs, 14 apprenticeships and 8 digital marketing SQW trainees, plus 69 graduates from the Upwards and Onwards mentoring program. Check out the video [here](#).

Last word from Lighthouse Foundation

“Thank you to the Lendlease Future Steps Program. You have helped to change lives. This was an outstanding success on all accounts - local employment and apprenticeships for three school-based apprentices, 20 additional trainees and apprentices for young unemployed men and women, along with two architecturally designed houses for people who need a home. This collaborative public and private partnership have created positive futures for the Yarrabilba Community.” – **John Godwin, Founder and Director of Creating Positive Futures Foundation**
