

ABOUT YOUTH PROJECTS

Youth Projects provides health, outreach, employment, education and training services to individuals experiencing disadvantage including unemployment, homelessness, mental health challenges and alcohol and other drug dependency.

Committed to breaking the cycle of disadvantage, Youth Projects provides a complete wrap-around, judgement-free service with a strong focus on respect, client-centred care and harm minimisation.

FUTURESTEPS PROJECTS

FutureSteps has supported:

Roof2Recovery Project Coordinator - \$99,490

An innovative pilot project that aims to take complex and vulnerable rough sleeps from the streets of Melbourne onto a pathway to recovery from homelessness. The Project Coordinator will identify, support and place young people, women fleeing family violence and First Nations people into transitional accommodation and help them to navigate the complex system required to access accommodation.

“Thanks to the generous support of the Lendlease Foundation, the Roof2Recovery program creates the capacity to get more people off the streets, into stable housing and on a pathway to independence. This program helps us provide holistic, wrap-around care for individuals experiencing or who are at risk of homelessness, addressing their physical, mental, and social well-being”. Richie Goona Executive Manager – Community Health, Youth Projects
